

MULTI PURPOSE COVER PLATE

Suitable for Washing Machines & Dishwashers

Covers a hole in the cupboard up to 120mm x 115mm
Can be retrofitted

FOR USE ON A WASHING MACHINE INSTALLATION

- 1 Cut a hole in the cupboard large enough to bring through all services
- 2 Slide the bottom plate over the hot and cold hoses and the power cord
- 3 Remove the white cap and bring the outlet (waste) hose through the larger hole
- 4 Position the plate so that the hole in the cupboard is covered
- 5 Fit the top plate, locking the pipe work in the holes
- 6 Secure with screws

FOR USE ON A DISHWASHER INSTALLATION

As per above but
leave the white
cap in place.

**CAN BE
RETROFITTED**
